

EAA Chapter 808 Newsletter June, 2016

Young Eagles Rally, June 18, 2016 @ PWAM Restoration Annex (KPUB) Blue Building just South of Control Tower

Words from the President

It is Young Eagles Rally Time again!!! Just one year ago we pulled off the amazing feat of flying 100 kids in a little over 5 hours! So let's do it again!

I am going to publish the show times below. Susan Myhre and I setup different report times because we realize it is a really early showtime, but because of that it is very important for you to show up NO LATER THAN the times we have given you. We left just enough time to explain what you will be doing and then put you to work when the public shows.

Pilots we need you to fly-in or taxi your planes in before 0615. So if you are flying from 1V6, plan accordingly. We will start the pilot briefing at 0625, so get parked, find the bathroom, find the coffee and be ready at 0625 to get briefed and hopefully we will get the first group out the door by 0650.

There will be more and more happening at the airport as the day goes on, so we want to get all of our flying done by 1230 and then clean up and be gone NLT 1330.

There are a lot of people to thank this year, but the main one is our Young Eagles Coordinator, Susan Myhre. She took on this monumental task, knowing what it was last year, and she has planned a great event! She has even handled my over-controlling tendencies quite well! Thank you Susan!

Well, let's have a great rally this year!!!

Young Eagles Coordinator Words

Here are the show times, Please be prompt!

Friday Setup Crew 1600

Saturday

0530 Open Blue Building

0545 Marshalls Ready for Aircraft

0545-0615 Aircraft and Pilot Report
